CHELTHENHAM RURAL DISTRICT COUNCIL

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH

FOR THE YEAR 1970.

To the Chairman and Members of the
Cheltenham Rural District Council.

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting the Annual Report for 1970 on the health and sanitary circumstances of the Rural District.

As I only took up office on the 1st May, I am indeed indebted to Mr. F. H. Lewis, the Chief Public Health Inspector, for the section of the report contributed by him.

The Registrar-General's estimate of the population 43,090 is 750 more than in the previous year but the growth in population is not quite as large as usual.

The Birth Rate, 13.5 per 1,000 population, continues the decline which has taken place since a peak in 1965 and is similar to the trend in the County and for the country as a whole.

The incidence of notifiable infectious disease was again extremely slight. The high level of immunisation and vaccination needs to be maintained and improvement made in the state of vaccination against measles.

I wish to thank the officers and members of the Council for their co-operation and loyalty since I took office.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient servant,

W. A. KNOX

Medical Officer of Health

PUBLIC HEALTH

FOOD & DRUGS ACT, 1955

Clean Food and Food Hygiene

Regulations are in force for securing hygienic methods in the handling, wrapping and delivery of food for sale.

Food shops and similar establishments (including vehicles) are inspected regularly to ensure that food is wholesome and that the premises and vehicles comply with requirements.

NATIONAL ASSISTANCE ACT, 1948

Section 47 - Removal to Suitable Premises of Persons
in need of care and attention.

National Assistance (amendment) Act, 1951 - Section 1.

No cases arose during the year where action had to be taken.

Old People's Welfare Committee

The Old People's Welfare Committee continued to operate successfully during the year and proved most useful. The Day Centre is still proving a boon to people who would otherwise be housebound.

Meals on Wheels.

The Meals on Wheels scheme continued to operate during the year and proved a very useful service.

Families at Risk

The "Prevention of Homelessness" Scheme continued to operate and some 76 cases were referred to the County Welfare Officer for inclusion in the Scheme. Supervision of these families was undertaken by the County Council Social Welfare.

GENERAL PROVISIONS FOR HEALTH SERVICES

Laboratory Facilities

Samples of water, milk and ice-cream and pathological specimens are sent for bacteriological analysis to the Public Health Laboratory, Gloucester. The Laboratory is part of the Public Health Laboratory Service of the Department of Health & Social Security, and no charge is made for making use of its services.

Specimens for chemical examinations are submitted to the City Analyst, Bristol or to the County & City Analyst, Worcester.

HOME HELP SERVICE

This Service is administered by the County Council and where essential home help can be supplied to assist the physically or mentally ill, chronically sick, aged and infirm and people suffering from tuberculosis. In addition the Home Help Service provides help for mothers following confinement and cares for children deprived of one or both parents.

A charge is made for this Service.

Appeals for assistance from or further information about the Home Help Service should be directed to:-

Mrs. J. Williams, Area Home Help Organiser, Divisional Health Office,
Copt Elm Road, Charlton Kings, Cheltenham. (Telephone No. Cheltenham 25746 and 25747).

Nursing in the Home

The area is under the control of the County Council. Information is available from the Divisional Health Office, Charlton Kings.

PUBLIC SWIMMING BATHS

Stanton Open Air Pool

This concrete lined pool has a capacity of 70,000 gallons and is situated a few hundred yards to the east of the village. During the summer months it is in constant use, not only by bathers from Stanton and the surrounding villages, but also by visitors to the Gloucestershire Education Authority's Summer Youth Camp, close by.

While the pool is maintained and administered by the Parish Council, the water is supplied by the Water Undertaking. Chlorination is carried out by means of sulphate of ammonia and chloros and the pool is emptied, thoroughly cleansed and re-filled at approximately fortnightly intervals. Samples for bacteriological examination are taken periodically.

WATER SUPPLY

The supply in the district was satisfactory in quantity and quality throughout the year. All the public and some of the private supplies are chlorinated and none of the waters are liable to have plumbo-solvent action.

Samples were taken for bacteriological analysis from public and private supplies.

The table below shows the number of houses served by a public water main direct into the houses. The remainder are served by private supplies the majority being piped direct into the house.

* PART PRIVATE SUPPLIES.

REFUSE COLLECTION

The Surveyor reports that the Council employ seven vehicles on this service. Built up areas, which house approximately two thirds of the population, received a weekly collection, and the remainder a fortnightly collection. Refuse from the North of the district was tipped at Winchcombe and the remainder at the Cheltenham Corporation Tip. The Winchcombe tip reached its capacity and in future all refuse will be disposed of at the Cheltenham Corporation Tip by joint agreement.

The County Council Management Services have prepared an incentive bonus scheme which will be brought into operation in 1971.

SEWAGE DISPOSAL

The Surveyor reports that during the year the pumps and rising main at Stoke Orchard were replaced. Work was commenced on the provision of sewers at Uckington and Hayden also enlargement of the works at Alderton.

Tenders were invited for the provision of main sewerage at Apperley, Deerhurst.

Preparatory work continued on the following schemes:

Enlargement of Brockhampton Sewage Works and provision of relief sewers for Bishops Cleeve, Woodmancote and Southam.

Provision of sewers and works at Stoke Orchard (including the hamlet Hardwicke).

Provision of sewers to part of Ashchurch, Oxenton and Alstone.

CHEL TENHAM RURAL DISTRICT COUNCIL

Report by the Chief Public Health Inspector
on the work of the Department for the year 1970

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting the Annual Report of the work of my department and would like to take this opportunity of thanking the Chairman and Members of the Council for the consideration and support extended to me during the year.

In the field of housing a survey of some 700 houses of a doubtful standard was conducted. It was noted that no serious housing problem existed in the type of house where it was thought that one might exist; a large number of houses had been improved to a good standard and there had been a swing over the years to home ownership and this together with a steady flow of applications for improvement grants accounts for the improvement of standards. Every effort is made to draw attention to the advantages to be gained by means of improvement grants.

The public today are very pollution conscious and it is to be hoped that legislation of the future will be more helpful to local authorities; the defence of best practicable means and the Recurring Nuisances Act 1969 do give a measure of control but prevention rather than a make-shift cure should govern future thinking.

I would like to thank all members of the Council's Staff for the close co-operation given throughout the year.

I am, Mr. Chairman, Ladies and Gentlemen,
Your obedient servant,

F. H. LEWIS

Chief Public Health Inspector.

HOUSING

The number of new dwellings completed in the district during the year totalled 414, of these 390 were erected by private enterprise. The Council completed 24 dwellings and these consisted of 10 at Alderton, 4 at Badgeworth, 2 at Bishop's Cleeve, 2 at Teddington and 6 at Winchcombe.

Taking a figure of 3.2 persons per dwelling, it is estimated that accommodation was provided for a population of approximately 1,324 with consequent increase in the demand for services, such as sewerage and refuse collection.

The Council has continued its activities regarding improvement grants and owners of property are encouraged to make applications and every assistance is given to applicants. There are still many properties in need of improvement and it is hoped that in course of time, the majority, if not all, will take advantage of the benefits of the scheme.

THE IMPORTED FOOD REGULATIONS, 1968

Examination of Imported Foodstuffs.

The two depots situated in this district continued to receive imported food by containerisation service and 136 visits were made during the course of the year by the Public Health Inspectors to ensure that the regulations were being complied with, and that the food concerned was fit for human consumption. The year showed a marked increase in the amount of food inspected.

The number of consignments examined are as follows:-

		<u>Approximate Total Weights</u>			
		<u>TONS.</u>	<u>CWTS.</u>	<u>QRS.</u>	<u>LBS.</u>
394 consignments:	Irish Butter	6,854	5	2	0

FOOD & DRUGS ACT, 1955

During the year 39 visits were made in the course of investigating 7 complaints which were received as to the condition and quality of food purchased by the Public.

In one case it was considered that no action could be taken due to lack of reliable evidence.

Warning letters were sent to offending firms in 5 cases. In one case proceedings were taken against a shopkeeper for selling a mouldy raspberry pie. The defendant pleaded guilty and the magistrates imposed a fine of £20 with £5 5s. 0d. costs.

<u>TOTAL MALES</u>	<u>495</u>
<u>TOTAL FEMALES</u>	<u>393</u>

Premises inspected throughout the Rural District were again found to generally comply with the Act.

The department continued to deal with minor infringements by verbal notice and in only one case was it found necessary to follow up with a letter, which dealt with the provision of a wash hand basin, repairs to a staircase and decoration.

Occupiers have been reminded as to their responsibilities under the Act for notifying accidents, and only two accidents were recorded during the year. In one case a van driver tripped over poles in an unlit area at his depot during the early hours and artificial lighting was subsequently provided. In the second case a drayman slipped whilst delivering barrels to a public house, and no fault could be found.

It was not found necessary to institute any legal proceedings during the year.
